

# Our Image is Fresh

## Nashua is Your Source for High Quality Scale Labels.

### What Sets Us Apart?

Nashua brings to the table a thorough understanding of direct thermal print technologies used in today's scale label printers.

- We manufacture thermal paper
- We print and convert labels
- We know thermal printer mechanisms

### Our Image is Fresh

Anybody can produce a scale label that functions. Our overriding goals are to:

- Build on our customer's marketing message
- Add to you image of quality and freshness

Whether we're talking about a stock scale label or a custom scale label that carries a process color coupon, the printing you get from Nashua is Best In Class.

### Delivering the Best

The best product in the world is worthless if you can't get it to market.

- Three world-class manufacturing plants (Nebraska, Tennessee, and Florida)
- Nashua gets it there on time

Nashua is your source for high quality scale label supplies.
