

Spectacular Performance Starts at the Box Office

Capture the excitement of your events with vivid, colorful thermal tickets.

Success begins at the box office with eye-catching, high quality tickets that capture the excitement of events in vibrant, spectacular colors.

Key to this success is knowing you've selected high quality thermal tickets specifically for BOCA and Practical Automation printers. Nashua prints up to 8 colors thermal tickets, and with all the options you need for fool-proof counterfeit protection.

Nashua is North America's leading printer of thermal products. We offer full custom design and pre-press services, backed by an excellent customer service team that is unmatched in reliability and on-time delivery. We print your tickets using special earth-friendly UV inks that require no heat to dry and are guaranteed to meet or exceed your thermal printer's performance standards.

When you demand only the finest quality thermal tickets to match your big performance events, going to the industry leader makes sense.
