

Your Source for IBM® Brand POS and Kiosk Paper

The brand recognized for quality the world over.

Nashua is your complete source for IBM® brand POS paper rolls. We offer a complete line of compatible paper media supplies for use in most of today's POS and kiosk transaction printers.

Retailers all over the world use IBM point-of-sale solutions.

As a retail POS systems market leader, IBM has played an integral role in making the cash register a fully integrated part of a retailer's information systems.

IBM's complete understanding of the retailer's needs, innovative applications software, attention to detail, access to high quality raw materials, manufacturing excellence, and an unparalleled level of quality all come together to make IBM-branded POS supplies the best choice for your POS and kiosk transaction paper needs.

If you're looking for high-quality paper rolls for your point-of-sale printer, Nashua is your complete source for IBM brand transaction printer media supplies.
